

Cool-Rack

Cool-Rack connected directly to the desk

Individual Cool-Rack cabinets

Cool-Rack connected to four-way units

Cool-Rack | Cooled cupboards that emit neither heat nor noise. Suitable for capacities of 3–20 kW. The rack stands next to the workplace or in the office. The cabling is therefore short, clearly arranged and very simple.

- Self-contained cooling of rack inserts
- High cooling capacity
- no disturbing noises
- Condensate free operations
- Minimal power requirement
